Instructions:

1. Find the blank objects and colour them using your imagination.
2. With an adult, carefully cut out Santa's kitchen.
3. Gently fold and unfold along the dotted lines a few times to make the paper flexible.
4. Apply glue to the areas marked "1" and then press them together to assemble the room.

Glue the back side (B) to the back side (A) of the previous room

❶~❶ Glue

1. With an adult, cut out the characters where indicated.
2. Gently fold and unfold along the dotted lines.
3. Glue the back of each character's head together to strengthen the cutout.
4. Spread glue on the sections labeled "2" and stick them together to create Santa and his helpful Elf!
